I've looked at the document and wanted to coordinate response with others cc'd here before sending you comments. Will send you something by noon tomorrow at the latest, hopefully sooner.

Folks,

Can you confirm if you are able to provide feedback on the proposed PFAS definition by tomorrow morning? I will consolidate whatever is sent but checking whether I should wait or not. Thanks.

All best, Annette (Mobile) Ex. 6 Personal Privacy (PP)

Folks,

OCSPP has requested that ORD review their proposed definition of PFAS for the TSCA Section 8(a) rulemaking (attached) under the requirements of the National Defense Authorization Act (also attached). Your help is needed in doing so.

Per the notes below, can you review and send me comments by Tuesday March 31 at noon to make the OSAPE's COB deadline? I will review, compile and send along. **Let me know if you are not able to make this deadline.** Thanks.

Larry and Richard – I know that Gary contacted you separately. I suggest that you include me on your response to Gary. Thanks again.

All best, Annette (Mobile) Ex. 6 Personal Privacy (PP)

Subject: TSCA 8(a) PFAS Data Call - NDAA Required Action - Seeking ORD Comments on How to Define PFAS for This Action - Please Provide Comments Back to Me by COB Tuesday, 3/31

Hello, PFAS Leads for ORD Centers.

ORD/OSAPE is contacting you for assistance in conducting a wider ORD review of OCSPP's initial thoughts on their potential approaches to define what PFAS will be included in the **TSCA Section 8(a) Data Call** rulemaking that they are currently developing as required by the National Defense Authorization Act for Fiscal Year 2020 (NDAA). Please see the attached document - NDAA 2020 - Title LXXIII PFAS - Subtitle E – for the statutory background for this action.

NDAA does not provide a PFAS definition or specific list of PFAS for EPA to include in this TSCA Section 8(a) rulemaking. Therefore, OCSPP is trying to determine what PFAS it will include for the action and has currently come up with two potential approaches, as outlined in the attached document – PFAS TSCA 8a scope_workingcopy_for comment – i.e., (1) a PFAS definition or set of criteria; or (2) a discrete list of PFAS to include in the rule. OCSPP wants participating EPA offices to provide feedback on these potential approaches or suggestions for any other approaches to consider. OSAPE is reaching out to the ORD Center PFAS Leads to have the appropriate ORD experts review these potential approaches, and OSAPE will provide those comments to OCSPP for their consideration as they move forward with this rulemaking.

Please review the attached PFAS TSCA 8(a) Scope document and provide any comments from your Center back to me by COB Tuesday, 3/31. OSAPE will provide consolidated comments to OCSPP for consideration and continued workgroup discussions on the development of this TSCA Section 8(a) rulemaking.

Thank you in advance for your consideration in helping with this request. Please reach out to me if there are any questions.

Regards,
Walter
